2010 NGSLS Season*

Niskayuna Girls Recreational Softball is made up of over 300 girls playing on more than 25 teams. Your sponsorship will enable girls within the Niskayuna School District and Community to participate in a worthwhile recreational and learning program.

Over the past few years, the town has renovated fields at River Road Town Park that are now able to support softball tournaments and allow players to play on a more competitive level. Future plans include a storage facility and additional field improvements. Your continuing support and sponsorship are greatly appreciated.
